## National Seminar on "Protecting Life on Earth" on "International Day for the Preservation of the Ozone Layer 2022"

The School of Interdisciplinary and Trans-disciplinary Studies, IGNOU organized online National Seminar on "Protecting Life on Earth" on 16th September to commemorate the "International Day for the Preservation of the Ozone Layer 2022". The occasion was graced by the presence of Prof. Nageshwar Rao, Vice-Chancellor, IGNOU, Chief Guest of the Seminar Dr. M.Rajeevan, Former Secretary, Ministry of Earth Science, Distinguished scientist, National Centre for Earth Studies. Aakulam, Thiruvananthapuram, Kerala, Guest of Honour Dr. S.D. Attri, Additional Director General of Meteorology, Indian, Metrological Department, New Delhi and Dr. G.Ram Sahibi, Retd. IFS, Former Additional Principal, Chief Conservator of Forest, Himachal Pradesh, Pro Vice-Chancellors of IGNOU, Directors of Schools of Studies and Divisions and other participants from IGNOU Headquarter and Regional Centres.

At the outset, Prof. Shachi Shah, Director, SOITS heartily welcomed the guests and greeted them on the occasion of International ozone Day. She informed the participants about the Ozone Layer and mentioned about the backdrop of celebrating the day. In her address, she highlighted that anthropogenic activities are leading to disruption of the ozone layer and therefore there is a great significance of mitigation measures in curbing the effects of ozone layer depletion. She also briefed the participated about the profile of the speakers.

The Chief Guest of the Seminar, Dr. M. Rajeevan, Former Secretary, Ministry of Earth Science, Distinguished scientist, National Centre for Earth Studies. Aakulam, Thiruvananthapuram, Kerala presented the overview of ozone layer

depletion phenomena. Mentioning about the effects of climate change, he emphasised that climate change is not just environmental phenomena but a social issue as well. In his address, he presented that the all over the world the efforts are being made to recover the ozone layer and phasing out Ozone depleting substances is the only way forward. He also urged the participants to take appropriate action to protect life on Earth for the future generations.

The Guest of Honour Dr. S.D. Attri, Additional Director General of Meteorology, Indian, Meteorological Department, New Delhi presented the statistical account of the various meteorological parameters. He explained the participants about the “Good Ozone”

and the “Bad Ozone” and mentioned about the importance of adopting sustainable methods to achieve carbon neutral world by the mid century.

The Presidential Address of the seminar was delivered by Prof. Nageshwar Rao, Honorable Vice Chancellor, IGNOU who emphasized that IGNOU with its large reach can play pivotal role in reaching to the learners to spread the awareness and importance of protecting ozone layer. Prof. Nageshwar Rao explained that environmental issues are interrelated and need urgent action. In this context, he mentioned that the programmes like this can play an important role and complemented the School for organising the National Seminar.

At the end, Prof. B. Rupini proposed formal vote of thanks. The programme was moderated by Dr. Deeksha Dave.
